

Informational Table 1. Percentage of BSAI Pacific cod harvested in 1997 by non-exempt AFA catcher vessels. Vessels are grouped by those belonging to an inshore cooperative, delivering to catcher processors or motherships, inshore vessels not part of an inshore cooperative. The AFA catcher vessels that have received an interim exemption from the Pacific cod sideboards are also listed for informational purposes. Data are based on ADF&G fishtickets for shoreside deliveries, and on observer data for offshore deliveries.
